

## PLAY OUR WEEKLY LOTTERY

Support **NCI** and you could be in  
with a chance to **WIN** up to **£25,000**

National Coastwatch Institution (NCI) watchkeepers provide eyes and ears along the coast, keeping a visual watch and monitoring radio channels to provide a listening watch in poor visibility. When people find themselves in trouble, we are there to alert HM and provide support if required.

We are completely self-funded, staffed by a team of trained and dedicated volunteers. We rely entirely on public contributions and corporate sponsorship to continue our work providing “eyes along the coast”.

When you join our lottery using the Unity platform, the platform guarantees that at least 50p of every £1 you play goes to NCI. The remaining 50p is used by the platform to provide prizes and cover administration.

For just £1 per week, you will be allocated with a unique six-digit lottery number, which will remain yours for as long as you wish to keep playing. You can purchase more than one lottery number if you wish. Winners must match 3, 4, 5 or all 6 digits of the winning number in the correct place in the sequence.

Every Friday, the lucky winners are sent their prizes automatically, so if you win there is no need for you to claim. Players must be 18 or over to enter.

Funds are needed to help continue the charity's lifesaving work assisting HM Coastguard. This includes the development of new stations and safety cameras, essential maintenance, public safety programmes, equipment and training.
